Although would have preferred submitting full text analysis and questionnaire, Dept willing accept in principle shorter version. Will reserve definitive comment, however, until French draft studied here. Consider highly desirable be in position circulate a Four-Power agreed document by February 25 NAC meeting.

Dutch Embassy, as well as Canadians, aware existence analysis and questionnaire. ~~NYL~~ Our tentative thinking is that most satisfactory summary of Four Power document for NAC circulation would include: (1) analysis section (i.e., paras 1-6) largely as it appears in original; (2) "questionnaire" section reduced to listing of main headings for consideration; not presented in specific

question form. ~~END~~ FYI If French draft submitted, please circulate.
